TAC Team Course Announcement

“Canine Liability 360”

Being consistent, making good decisions and keeping proper documentation will limit your liability and make you a better K9 handler and K9 supervisor.

Hosted by the Corona Police Department

Monday, May 21, 2012 - 0800-1730 (check-in begins 0730)

Corona PD Training Room, 730 Corporation Yard Way, Corona, CA 92880

Course Description: This class is the most comprehensive one-day liability seminar now being offered. It is recommended and serves as an essential phase for both the K9 handler and K9 supervisor to assist in preparing for their potential “legal defense” in the event of a lawsuit and prevailing by examining TAC Team's “360 Degrees of Responsibility” involving a patrol or cross-trained police service dog. Participants will benefit from the firsthand experiences of the instructor as well as others involved with K9 as some cases and incidents not found in “case law updates” are reviewed and the lessons learned shared.

K9 handlers, supervisors, administrators, and SWAT team leaders (who deploy with K9 teams) from the same agency are encouraged to attend together so everyone involved with their respective police dog program can simultaneously learn information and hear recommendations for successfully running a K9 program so everyone involved leaves with a better understanding of each other's duties and responsibilities. *Information shared in this class may also assist to maintain or justify the retention of your K9 program if necessary during budget "cutback" considerations in tough economic times.*

This class will address:

- “Control and case law”
- Policy & Operational Manual
- Use of force
- Selection and retention
- Training & Documentation
- Report writing
- Deployments / Debriefs
- Unintentional bites
- K9 Field Training Program
- Evidence collection/retention
- Off-duty care & compensation
- Discipline
